# WE ARE COMMITTED

- ✓ ...to no longer being an inspections service provider, but rather your inspections business partner.
- ✓ We understand that you are our principal, so it is imperative to us that we work together throughout the inspection process, allowing us to become your inspections partner as opposed to just another service provider.
- ✓ With our hands-on management style, we make the time to personally meet with all our clients, to ensure the development of a tailor made inspection solution and to pass on our practical knowledge and experience of the inspection process.
- ✓ Our uncomplicated management structure allows us to make decisions without delay or the need for extensive consultation, hence our service delivery and turnaround time to you our client, is always of the highest standard.
- ✓ Through sharing our knowledge and understanding of your business and inspection requirements, CPM&TS will become your first choice inspections business partner.

# We Will Be Dedicated

- ✓ .....to accelerating turn around times and reporting, through a service driven approach and innovative use of technology.
- ✓ Here at CPM&TS we all share a simple operating philosophy when it comes to the inspection process - Why wait longer?
- ✓ Inspections do not need to take days or weeks to be scheduled or completed! Our service orientated staff use innovative web based technology throughout the inspection process, so as to operate on a real time basis, thereby ensuring maximum time efficiency and utilization.
- ✓ Our staff is supported by the management team and an uncomplicated reporting structure to ensure that decisions are made quickly and without unnecessary bureaucracy, thereby avoiding delays in the inspection process.
- ✓ Whatever your inspection requirements may be, we strive to deliver the fastest turnaround times in the industry, without compromising on quality or integrity!

This is what sets CPM&TS apart from the rest!

# You Will Found Us Passionate

- ✓ ...about changing perceptions of people and companies utilizing inspection services worldwide.
- ✓ CPM&TS are changing perceptions by changing the way inspections have been done in the past. We are currently in the process of eliminating negative idiosyncrasies and replacing them with ideals that are productive.
- ✓ An inspection performed by CPM&TS is a now a seamless part of your business process and no longer a hindrance. The service and turnaround time provided by CPM&TS is fast becoming the benchmark in the inspection industry, to which all competitors will aspire.
- ✓ With web based technology and performance driven partners, suppliers and staff, CPM&TS is all about doing the very same quantity and quality inspections, but just more efficiently and effectively comparatively with others.
- ✓ We offer above services on a competitive price basis with unmatched international certification standards. Please contact us today if you need any further information on any of the above services.
